

## Associateship of Canadian **Surety Bonding** Designation Program (A.C.S.B.)

The Associateship of Canadian Surety Bonding Designation Program (A.C.S.B.) aims to provide students with a theoretical and in-depth practical understanding of surety bonds and the suretyship process and it is intended for those who plan on embarking on a career in the surety industry.

### Who should take this program?

The program examines surety bonds and the suretyship process in some detail and was designed as a learning vehicle for students who plan on embarking on a career in the surety industry.

While it's not intended for individuals in other disciplines or industries, students from outside the surety world are welcome to take these courses.

### Courses:

Students are required to complete six (6) courses; **four (4) core courses and two (2) electives.**

Three (3) of the four (4) core courses which have been developed by SAC, include :

- ✓ SAC 101 - **Principles of Suretyship**
- ✓ SAC 102 - **Contract Surety**
- ✓ SAC 103 - **Construction & Surety Law**

The fourth core course, **Introductory Financial Accounting**, and the two **elective courses** can be taken at any accredited Canadian university.

### How to register:

*In order to receive the A.C.S.B. Designation, students are required to register for the program through the Surety Association of Canada prior to starting the first course. More details, including the application form and the course fees, are available here: [www.suretycanada.com/SAC/Resources/ACSB-Designation.aspx](http://www.suretycanada.com/SAC/Resources/ACSB-Designation.aspx)*
